2024 COACH COMMENT

Coming off an injury in the Fall will Sam's body be ready for Spring ball? That's the big question. Sam will play first base on the JV team as well as pitch. Could break the varsity line up as a DH if his bat plays at that level? Could also see varsity time on the mound? Expectations are tamed a little going into the season, due primarily to the injury. But it does look like it's coming along as of early Spring.

2023 COACH COMMENT

A second year of basketball/baseball will aid in developing his athleticism. Will see time on the mound and 1B again this Spring. Should see some good progress on the mound. Could have a big hitting year?

2022 COACH COMMENT

Good sized freshman with big bat potential. Should see time at first base as well as on the mound. Freshman year will present opportunities to develop more as a pitcher and fielder.
